

# CaviCide™ & CaviWipes™

DARBY DENTAL SUPPLY, LLC

The CaviWipes & CaviCide family of products provides time savings, convenient packaging, ease of use, and intermediate-level disinfection in various sizes. CaviWipes & CaviCide are recommended for use on hard, non-porous surfaces in healthcare settings, and doing so may help alleviate your important surface disinfection concerns.

## The Convenience and Strength of CaviCide & CaviWipes

**Fast Action.** Kills TB in 3 minutes and MRSA, HIV-1, HBV and HCV in 2 minutes.

**Durable.** Nonwoven towelettes will not bunch up during use.

**Accessibility.** The deep well lid and easy access tab provides quick opening and tight closures between wipes.

**Saves Time and Inventory.** All-in-one cleaner and disinfectant.
